

PARTNERING TO SAVE BABIES' LIVES & SUPPORT MOMS IN INDIGENOUS COMMUNITIES

The FMAM Club of Fargo invites you to join a Global Grant to develop Group Prenatal Care (GPC) in 5 native communities in the Midwest.

Group prenatal care is an evidence-based, sustainable intervention for pregnant women. It improves outcomes for mom and baby.

We need to raise \$40,000 by December 1 to provide supplies, training for health care providers and supplies five communities that want to develop GPC in partnership with Rotary!

Please consider a pledge of \$1500. Contact Past District Governor, Herb Schmidt, to make your commitment or for more information, hjs2107@gmail.com, 701-361-0547.
